Bolts Hospital Despite Severe Crash Injuries

'Broken Pelvis' Fails To Keep Collision Victim in Bed

Jake Kays, 24, of 851 Divisadero street, San Francisco, accused by county authorities of manslaughter as the result of the death of Louis R. Eaton, 43, of 959 Arlington road, this city, in an automobile mishap October 8, fled from the Community Hospital Tuesday.

Kays was in a ward at the hospital and disappeared about 7:45 o'clock. Others in the ward were reported to have seen him go, but no alarm was sounded. Kays was believed to have obtained a ride from visitors leaving the hospital at the same time.

The accused motorist was under the care of doctors at the hospital because of a broken pelvis. Only a few days ago it was said that he could not be removed to the county jail except on a stretcher, authorities said.

The motorist was held after his car had struck Eaton's in a head-on crash on the Bayshore highway near Mills Field. He was going north and Eaton was coming south.

Teletype messages were sent out to San Francisco and Los Angeles by Sheriff James J. McGrath in an effort to apprehend the escaped patient-prisoner.

Agriculture in County Shows More Activity

Vegetables Going to Markets; Nursery Stock Moving

Increased activity in the vegetable and nursery fields of San Mateo county are noticeable, Agricultural Commissioner Max Leonard reported Monday to the board of supervisors.

Shipments of lettuce from the Pescadero area were at their peak, he said. The quality was good and the yield fair. Sprouts and artichokes are coming on slowly.

In the Colma and San Mateo area, cabbage is moving in good volume, with most of the crop going to kraut factories. Eight cars of cabbage, two of lettuce and 28 of sprouts and artichokes mixed were reported as rail shipments for the month.

All over the county nursery shipments have increased. The movement of all bulbs has been heavy. In the southern area, shipments of chrysanthemums to Louisiana and eastern points were heavy. Ten cars moved by express, or a total of 2,200 boxes. The quality was excellent and the prices fair.

Leonard reported that one new narcissus grower with a quarter million bulbs has established his plantings at Half Moon Bay. Another large grower shipped in an additional quarter million bulbs to increase his plantings.

Gladiolus thrips, a pest very serious to the plant, has been found in one planting in South San Francisco, Leonard reported. This lot of bulbs has been seized and the company and salesman responsible for bringing it in will be prosecuted, he said.

San Mateo county, with 465 acres of lettuce, ranked 27th in the first 50 counties in the nation in the production of this vegetable in 1930. This is according to the Bureau of Census. The value was estimated at $121,571.

Mrs. Hanson's Death Occurs; Services Set

Mrs. Elizabeth Hanson, 77, widow of William Hanson, who was the owner of the former Tacoma Mill Company of Redwood City, died in her apartment in the St. Francis Hotel in San Francisco Monday. She had been a resident of the hotel for about 20 years, and had been a semi-invalid for the past three years.

Hanson, who was a wealthy timber operator, passed away in 1916. The Hanson home here was on Arguello street and is used now as the Notre Dame Convent.

Mrs. Hanson is survived by two daughters, Mrs. George Frisbee and Nellie Eugenia Turner, both of San Francisco. Services will be held at 11 a. m. tomorrow in Gray's, San Francisco.

More Traffic Police To Be On Bayshore

Alarmed over the tragic toll of automobile deaths in San Mateo county, which today stands at 60 or more, Chief E. Raymond Cato of the California Highway Patrol at Sacramento Monday assigned three special officers to the peninsula bureau.

Notice that the three additional officers had been assigned came today to Capt. Paul Perussina of the local traffic bureau, who has been campaigning to cut down the number of mishaps but has had too few officers to patrol all of the highways.

Captain Perussina said the men will be on duty in San Mateo county for about four months, and will be assigned to the Bayshore highway patrol.

This was seen as an assurance that the residents of North Palo Alto and East Palo Alto will be given the officer they demand. The residents of that area have asked that the state establish a 25-mile zone for the Bayshore highway from the Willow road intersection to the Embarcadero road south of East Palo Alto.

State Officers Cloud, Reynolds and Sheldon were the officers assigned here.

Millbrae Man Fatally Hurt By Automobile

MILLBRAE, Nov. 21—Adolf Hartzel, about 55, also known under the name of "Buck," died in the Mills Memorial Hospital, San Mateo, today of injuries incurred at 6 o'clock this morning when he was struck by the car of Carl Roach, Millbrae.

The accident occurred in the darkness and fog which covered El Camino Real at Millbrae at that hour. Roach was delivering morning newspapers.

It was reported at the traffic bureau that Hartzel apparently had been drinking.

Two Wounded By Firearms In Accidents

Two persons suffered gunshot injuries in San Mateo county Sunday.

A 15-year-old boy was shot by a 52-year-old man and a 32-year-old man was shot by a 15-year-old boy

The wounded boy is Jack Mangini, son of John Mangini, owner of a picnic grounds near Menlo Park. He was wounded in the shoulder when a shotgun in the hands of Peter Marestalli, 52, went off while they were hunting. At the Palo Alto Hospital, the boy's injuries were said not to be serious.

Leo J. Herlihy, 32, of 1248 Paloma avenue, Burlingame, was in Mills Memorial Hospital, San Mateo, today as the result of a wound under the heart suffered when a pistol was discharged while William Fitzpatrick, 15, was examining it. The wounded man's condition was reported serious.

Business License Reduction Denied By M. P. Council

MENLO PARK, Nov. 22.—Following a conference with a merchants' committee, the Menlo Park city council last night denied a petition asking a 50 per cent reduction in business license fees.

In denying the petition the council said that consideration would be given to refunds in the event of a surplus in the treasury at the end of the fiscal year. The merchants had based their request on their claim that the present fees were unnecessarily high in the face of a surplus they said existed last year.

The council voted final adoption of an ordinance calling for a bond issue election on the proposed new city hall and setting the time and polling places the same as for the special state water project election December 19.

The bond issue will be abandoned if the government gives its approval to the $20,000 lease contract plan by which the council originally intended to finance the city hall.

BOND ELECTION CALLED

SAN MATEO, Nov. 21.—At the city council meeting here last night, an ordinance was introduced calling for a special election January 9 on the $102,840 bond issue for a sewage disposal plant on Seal creek.

Organization Set Up to Aid Rapid Transit

E. B. Hinman Chosen To Head Group at S. M. Meeting

Elmore B. Hinman today was head of the county-wide movement to improve transportation conditions upon the peninsula, following a meeting of chamber of commerce representatives at Hotel Benjamin Franklin, San Mateo, Tuesday.

Hinman was chosen by those present, including delegates from Palo Alto, Menlo Park, Redwood City, San Carlos, San Mateo and Burlingame. A. A. Roche, San Mateo, was made vice-chairman and Gilbert Keitle, secretary of the San Mateo chamber, was made secretary.

Those present from Redwood City were J. E. Morrish and Howard I. Wood, president and secretary of the chamber of commerce, and Hinman. Winfield Scott, of Atherton, was also present.

Herbert Harris, president of the Burlingame chamber, opened the meeting.

The object of the committee of which County Clerk Hinman is the chairman is to speed up transit on the peninsula so as to compete with the eastbay territory when the Oakland-San Francisco bridge is completed.

Four committees will be named, as follows: one to work for an uptown terminal in San Francisco; one to study the technical features of the movement, including the best modes of rapid transit; one to study the financial proolems involved; and one to contact clubs and other groups. A fifth committee, composed of Hinman, Rochex, Keitle and one other to be chosen by them, will select the four committees.

The general committee will meet at the call of the chairman about every 10 days.

Surviving are his widow, Alice; four sisters: Mrs. Charlotte Woodhams, Mrs. Madeline Towne of Redwood City, Mrs. Maud Hamilton of San Jose, and Mrs. Lila Swain of San Francisco, and two brothers, Edgar Bartley of Half Moon Bay and Hubert Bartley of San Jose.

FIREMEN CALLED

Firemen were called to 1122 Clinton street at 4:20 Saturday afternoon, when a blazing automobile tire threatened a garage. No damage was done.

Manslaughter Case Dropped

Inquest Frees Driver Whose Auto Killed Three Persons

Three counts of manslaughter were dismissed today against Felix ("Muggsey") McGrath, 47, Tanforan employe, when a coroner's jury in South San Francisco found the automobile-truck mishap November 14 was "purely accidental."

The jury's verdict read: "We, the members of the jury, do not deem it necessary to prosecute the driver, Felix McGrath, due to the fact that we believe it (the accident) purely accidental and the driver not at fault."

Deputy District Attorney Harold Anderson said the jury's action was partly based upon the fact that there was no evidence of drinking.

McGrath's car collided on the Bayshore highway at Brisbane with a stalled truck, killing Francisco Ortega, Joseph Romera and Charles White, all of San Francisco.

Bride, Kin of Co. Supervisor, Ends Own Life

HALF MOON BAY, Nov. 20.—Mrs. Adelina Francis, 22, a bride of two weeks, ended her life early Sunday in her home here.

Her husband, Edmund Francis, a nephew of Supervisor Manuel Francis, caught her in his arms as she rushed to him and murmured that she had taken poison.

The husband took her to the offices of Dr. R. D. Borley, but she died without recovering consciousness.

Francis told police that he and his wife had just returned from a party in San Francisco. He started over to his parents' home for a brief visit, he said. As he reached the door, his bride screamed and fell unconscious in his arms. She murmured that she had taken poison.

The husband could advance no reason for the suicide. The couple eloped to Reno two weeks ago and married at a double wedding. Mrs. Francis' twin sister, Florence, also became a bride at the same ceremony.

Dr. J. C. McGovern, county coroner, will hold an inquest tomorrow. Funeral arrangements are pending.

Judge McNutt Talks To Kiwanis Clubmen

Superior Judge Maxwell McNutt was the principal speaker at the Redwood City Kiwanis Club at Wednesday noon's meeting. Judge McNutt chose as his subject "San Mateo County." He compared its resources, scenic beauty and possibilities with other parts of the world. He said that within San Mateo county could be found almost any thing necessary to ideal living.

Herman Phillips acted as chairman of the day. The club's singing was confined to Stanford and California songs, led by Charles Lambert. Pres. Duncan Reynard presided.

Equipment Is Ordered for Co. Engineer

Board 'Getting to Be A Joke,' Supervisor Poole Declares

Stating that "the board of supervisors is getting to be a joke" and that it is "pretty near time that the people of this county were working together," Supervisor John W. Poole broke up another of the repeated wrangles between Supervisor Albert Witt, Colma, and County Engineer James S. James, by moving for the purchase of some badly needed engineering equipment.

The new attack by Witt came at Monday afternoon's board meeting as the county engineer made an appeal for purchase of $9,700 worth of equipment. The cost of this equipment was anticipated and was included in the 1933-34 budget, James told the board.

Requested equipment included $3,500 for a motor grader; $2,200 for an industrial tractor, and $4,000 for four dump trucks.

Witt moved that the matter be continued for two weeks. James made an appeal for immediate consideration as he said that the equipment is necessary if relief projects and general maintenance of roads were to continue.

Supervisor Poole then expressed his feelings, including the declaration that wherever he has gone county turmoil has jokingly been referred to and the board has been described as the "laughing stock of the community," he said.

Supervisor Poole's stand that the necessary equipment be purchased was supported by Supervisor Rosalie Brown, who offered the second. Supervisor Manuel Francis also commented on the need of buying the equipment. Supervisor Witt doggedly maintained his opposition, voting an emphatic "no."

Mrs. Grimm Succumbs at Home in R. C.

Following a period of failing health, Elizabeth B. Grimm, wife of Fred W. Grimm, passed away late Tuesday at her residence, 60 Whipple avenue. She was a native of Kentucky and was 69 years of age. She had resided here for the past 35 years.

Besides her husband, she is survived by a sister, Mrs. Josephine C. Backus of San Francisco; two brothers, Lee Clark of San Francisco and William Clark; a niece, Mrs. Mae Backus Smith, of Palo Alto, also survives.

The funeral services will be held Friday morning at 10 o'clock at the Layng & Tinney Funeral Home, and will be conducted by Rev. Norman W. Pendleton, pastor of the First Congregational Church. Cremation will follow at Alta Mesa Memorial Park.

SUPERVISORS' REQUEST BACKS PORT FUND PLEA

Public Works Official Urged to Help Project; Other Affairs Heard

THE SAN MATEO COUNTY HARBOR DISTRICT, formed to develop Redwood Harbor, won the support of the board of supervisors Monday in an appeal to public work officials to grant the application for federal funds to create a deep sea port here.

In a resolution presented by Pres. S. A. Keyston of the harbor board, the supervisors called upon Justus S. Wardell, regional public works director, to approve the local project.

It is pointed out that the granting of the application will immediately provide employment and accomplish a much needed development of the industrial and shipping resources of the county. The project, it is pointed out, has the approval of the United States army engineers.

The resolution declares that a start on the harbor project will remove a considerable burden from the relief agencies by creating jobs.

Garbage Permit Delayed

Two more weeks' delay was voted by the supervisors in the granting of a permit to the Scavengers' Protective Union of San Francisco for a permit to dump garbage at Mills Field. The delay was voted upon motion of Supervisor Albert Witt, seconded by Supervisor Manuel Francis.

Opposition to the granting of the permit was voiced by the North Burlingame Woman's Club, the Broadway Development Association, W. W. Cribbins, H. F. Collier and Roger H. Smith and others of Burlingame. The Burlingame Chamber of Commerce asked a delay to conduct a further inquiry.

Support came from the San Mateo County Federation of Improvement Clubs and Associations, L. B. Daniels, San Mateo taxpayer and airplane owner; Capt. Sigfried Olsen of Montara, and the Civic League of Improvement Clubs and Associations.

Witt said that in two weeks the county's new garbage ordinance was to be tested in the San Jose courts and the delay was decided upon.

Ordinance Postponed

District Attorney Edmund Scott's proposed ordinance making it a misdemeanor to be intoxicated in a public building or on a public highway was continued by the board for one month.

An inspection of Brisbane streets will be made by the board Wednesday as requested by Supervisor Witt, following the filing of a petition by Charles R. Richards and others. County Engineer James S. James told the board that it would be money thrown away to do any work on the Brisbane streets until they were taken into the county system.

The county relief bonds committee informed the board that 19 projects for a total of $15,331 had been undertaken in the unincorporated area of the First Township. The committee reported that most of the bond moneys has been spent in the incorporated areas. Supervisor Witt had asked the report, declaring his district was being discriminated against.

To Look Into Camp

County Fire Warden Bert Werder was instructed to estimate what it would cost the county to establish a federal labor camp in Memorial Park as proposed by District Forester Frank Thompson of Palo Alto. Capt. Edward Macauley of the county relief committee was advised to proceed with a medical inspection of the 55 men which San Mateo county has been allotted for federal camps, either here or elsewhere.

Seven relief projects to cost $24,575 were approved by the board. The largest item is $16,875 for improvement of the Orange avenue drainage channel in South San Francisco. The clearing of 14 acres of heavy willow growth and the excavation of a drainage channel are included. Some 5625 work days will be provided.

Captain Macauley and Sam D. Merk of the citizens' relief projects committee were authorized by the board to attend a meeting today in San Francisco to discuss California public works to be allotted to the various counties of the state under the federal employment program.

The board adopted a resolution presented by the South San Francisco Chamber of Commerce calling upon the state highway commission to take steps as early as possible to widen the Bayshore underpass in that city.

A. W. Deuel, prominent member of the county board of health, who resigned during the Dr. Harold Morrison incident, informed the board that he would not reconsider. A similar stand was taken by Mrs. Harry Dana, and the board then accepted both resignations.

Demurrer to Kellogg Suit Is Sustained

County Manager Walter Kellogg today won a point over his opponents who are seeking his ouster when Superior Judge Maxwell McNutt sustained the demurrer filed by his counsel, Martin Doyle and John Coleberd.

The demurrer was sustained by the court on the ground that Attorney General U. S. Webb, Leon French, deputy, and John E. Manders, associate counsel, "pleaded legal conclusions instead of facts."

Manders was given 10 days in which to file an amended complaint.

K. R. Studley, East Palo Alto service station proprietor, incurred first degree burns on his hands and his hair was singed late Saturday when gasoline from a feed pipe in an automobile which he was repairing ignited. Gas Appliance Code Offered To Councilmen

'Model' Regulation Is Proposed; Other Matters Up

A "model" code for the regulation of gas appliances was submitted to the city council Monday by P. E. Brand, head of a committee which has been studying the subject for a long time.

With Brand was V. C. Vissiere, representing the Gas Appliance Society of California, and a representative of the Pacific Gas & Electric Company, who said his company was interested in "good installations."

Vissiere informed the council that the society would allow $225 for printing of the model ordinance, should the city adopt it. The object of the ordinance, it was explained, is to assure better piping, better installations of equipment, and to keep "wildcatters" from putting in poor jobs, thereby menacing life and property where gas is concerned.

It was stated that about 25 cities in the state would follow Redwood City's example and adopt similar ordinances.

Copies of the proposed ordinance were left with the councilmen for study, and also with City Attorney Albert Mansfield and City Manager E. A. Rolison.

Notice was given of a meeting of the Peninsula branch of the League of California Municipalities, which will be held at Hotel Sequoia in Redwood City on Thursday, December 7, at 6:30. At that time, City Attorney Mansfield will discuss the effects of the decision by the state supreme court involving the city of Lakeport and the state bond act of 1915.

Regulation of the sale of liquor after repeal will be discussed by Archer Bowden, and the bay bridges and their relation to peninsula transit will be the subject of a talk by City Engineer Clyde Healey of San Francisco. Harold Pomeroy, mayor of Southgate, is scheduled to talk on federal relief. Councilman Paul McCarthy of Redwood City is president of the peninsula league.

The council endorsed the movement of the South San Francisco Chamber of Commerce to have the Bayshore underpass there widened, and also endorsed the air pageant to be given at San Mateo in December.

Plans and specifications for the million gallon reservoir and extension line in the Emerald Lake water system, and bids on the work, were authorized. Bids will be opened on Monday, December 4. A resolution fixing a wage scale for workmen employed on the project was also adopted. The federal government has just contributed $5,000 to the work.

The city will undertake to put up street decorations for the Christmas holidays.

In reply to the city's query as to whether or not the municipality could go into the hard liquor business, the state board of equalization said that the law took the licensing control out of the hands of local authorities.

More 'Painless' Taxes

The Alameda Times-Star has discovered another of those painless taxes, now in effect. Popularly known as the hog tax, it provides that during this month consumers shall pay a tax of one cent on each pound of hog meat. This will increase to two cents in December, three cents in January and four cents in February.

"This tax is to pay the farmers who do not raise corn or pork. Thus far the farmers have received none of the money," asserts the Alameda editor. "What do you think of such a tax?"

That is a polite way for the editor to avoid saying what HE thinks of it. Well, this much is self-evident. The cost of everyone of these benign schemes of the government will in the long run come out of the pocket of the poor old ultimate consumer, who stands just now in about as much need of financial assistance as the farmers this new tax is supposed to help.

In This We Concur

We heartily agree with the following squib from the Alameda Times-Star: If the proponents and the opponents of the state water project would use some of the thousands of dollars they are wasting in trying to get free publicity in presenting real arguments in paid display advertising they might get some results. As it is, only real partisans are paying any attention to the propaganda which is being sent out in quantities every day.

MORRISON 'REPRIMAND' BEFORE COUNTY BOARD

"Public reprimand" of Dr. Harold E. Morrison, San Mateo county health officer, was voted by the board of supervisors on Monday in a resolution framed by a special committee headed by James B. Howell of Atherton.

The committee was named last Wednesday when the board of supervisors, the charter advisory committee, and the board of health met here to consider Dr. Morrison's status.

The reprimand read:

"The members of the board of health and welfare were of the unanimous opinion that Dr. Harold E. Morrison, director of health and welfare, has consistently refused to enter into a spirit of cooperation with the said board;

"That he has on numerous occasions at the meetings of said board been open in his criticism of various county officials. He has stubbornly refused to accept the advice and counsel of said board on many matters connected with the department of health and welfare, thus causing the board of health and welfare to recommend to the board of supervisors that the said Dr. Harold E. Morrison be requested to resign.

"The individuals comprising the conference were of the unanimous opinion that Dr. Harold E. Morrison has made unwarranted and ill advised statements in the press of the county and at public meetings. In their opinion these statements have created a misunderstanding in the mind of the public. They also feel that his melodramatic actions immediately after his suspension by the board of supervisors were not compatible with the dignity of the office of director of health and welfare.

"They also feel that his failure to listen to autoritative advice from those having experience and knowledge of the affairs of San Mateo county which is extended over a long period, coupled with his precipitous actions in matters connected with the department of health and welfare, have caused a feeling of unrest and uncertainty which is detrimental to the public interests.

"In conclusion it was the unanimous opinion of all those present at said conference that Dr. Harold E. Morrison was not temperamentally suited to the office which he now holds and that he has failed to display those qualities which are essential for the successful administration of the department of health and welfare of the county of San Mateo."

County Health Officer Given New Quarters

New offices for Dr. Harold E. Morrison, public health officer of San Mateo county, were voted Monday by the supervisors, taking him from the embattled scene where he withstood efforts to eject him during his temporary ouster.

The board voted to spend $475 to make alterations in the former juvenile home on Marshall street for the doctor's new offices.

The supervisors previously had adopted a resolution from the health board, charter advisory committee and county medical society "publicly reprimanding" Dr. Morrison for his actions during the efforts to oust him.

Forty members of the championship Sequoia high school football squad, Coaches Leonard Casanova and Albert Terremere and team managers were guests of the Redwood City Exchange Club at a banquet in Hotel Sequoia Tuesday.

Menlo Park

After a lengthy conference with a merchants' committee, the Menlo Park City Council Tuesday night denied a petition asking a 50 per cent reduction in business license fees charged by the city.

In the motion passed by the council, however, it was declared that a refund of portions of the fees might be considered at the end of the fiscal year if there should be a surplus in the city treasury.

The ordinance calling for an election on a bond issue to build the proposed city hall at the same time and the same polling places as the special sate water plan election on December 19 was finally adopted. The amount of the issue was set at $20,000. If the federal government grants a loan for the city hall under the lease contract plan proposed in the city's application, the bond issue plan will be dropped, it was indicated by the council.

There is going to be a scarcity of stores in town shortly due to the fact that nearly all the tenants in the Maloney block have been notified to vacate as the old structures are to be razed to make way for a modern building. V. Dupont, the barber, has leased the remaining store in the O'Keefe building while the two rooms in the new Duff structure have been taken. There are only a few vacant places in town and these will soon be occupied.

The open season for killing pheasants lasted but six days but during that time many were bagged in the lowlands near the marsh.

Tomorrow all roads will lead to Stanford. The crowd is expected to be the largest in the history of the game. All tickets have been disposed of and every seat taken. Chief of Police Kearney will have charge of the local traffic which will be very heavy during the afternoon and evening for it is believed that over 30,000 automobiles will pass through Menlo Park. The betting on the big game between the two universities favors Stanford.

One of the large no-host parties to be given at the Menlo Country Club Saturday night is being arranged by Mr. and Mrs. Courtney Decius of Palo Alto, who will have a number of Southern California friends as their guests during the day.

Mrs. J. B. Glunz entertained the Menlo Park Woman's Club at her home on Valparaiso avenue last night. Fourteen members were present. The book, "Mild Oats," by Florence Ryerson and Coleman Clements, was reviewed by Mrs. Fannie I. Kurtz. Mrs. Reginald Milward and Mrs. Edward Gardiner reported on the recent meeting of the San Mateo County Federation of Women's Clubs, held in East Palo Alto.

Miss Ena Douglas, talented daughter of Mr. and Mrs. Leon Douglas, who made her stage debut in one of Shakespeare's comedies at "The Little Theatre" in San Francisco this week, will dance the famous "Merry Widow Waltz" with William McNab of Palo Alto as her partner at the "Gaities of 1933" which will be given under the direction of Marie de Forest Emery, in the new Community Theatre, December 8 and 9.

The following ladies accompanied Isabelle Weeden Lindquist, hospital chairman of the American Legion Auxiliary, to the United States Veterans' Administration Hospital Tuesday afternoon for the regular monthly afternoon of "song"—Ethel French and Calrissa Ross of Menlo Park Unit, and Mrs. M. Bullivant of Redwood City. After conducting the "sing" on Ward 17 the ladies called on ward 7 which is composed of women who served during the late war.

Hohberger Plans Y Leader Manual

At the Northern California employed officers conference of the Young Men's Christian Association held at Oakland Monday plans outlined by the committee on publications of which Roy A. Hohberger, the local Y. M. C. A. secretary, is chairman, were set up for five new leader manuals for those handling the various types of boys' programs under this organization.

In addition to the general chairmanship, Hohberger will head the compilation of the "Friendly Indian Leaders' Manual." Manuals will be put out in loose leaf form so that new materials can be added from time to time.

The conference was attended by close to 100 secretaries. Reports on how the Y. M. C. A. was serving boys and young men were made. In many cases leisure time institutes have been set up which are available to all young men. Crafts, hobbies, culture and informal educational opportunities are being offered in addition to the regular program activities.

Kellogg Illness Halts Taking of His Deposition

Because County Manager Walter Kellogg was too ill to be present, the taking of his deposition by Attorney John E. Manders in the Forestier ouster proceedings was delayed Wednesday to December 5 at 9:30 a. m.

Attorney Martin Doyle of San Francisco, representing the county executive, said Kellogg was suffering from "a serious and painful condition of the right eye." Kellogg, he said, cannot subject the eye to the light, and is under the care of a specialist.

The manager has been ill for about two weeks and a cold settled in the eye.

Superior Judge Maxwell McNutt, who ordered the deposition taken before him at Manders' request, granted the continuance.

The district court of appeals yesterday denied Kellogg's plea for a writ of prohibition halting the taking of the deposition.

During the many months of its run in the United States, a certain terrifying motion picture caused an average of 28 persons a week to faint or go into hysterical collapse.

Junipero Serra Blv'd Route to Be Determined

Urgent need of tracing the future course of the Junipero Serra boulevard through the cities of Burlingame, Hillsborough and San Mateo to connect with the Alameda de las Pulgas along the western foothills was pointed out today by the San Mateo City Planning Commission to the county board of supervisors.

The planners, in a communication from James Mulryan, San Mateo board secretary, urged that the supervisors instruct the county planning commission and Engineer James S. James to undertake the survey.

This step, the planners point out, will eliminate future expense in rebuilding of the connecting link between the Junipero boulevard and the Alameda.

Burglars Get New Haul of Ammunition

BURLINGAME, Nov. 23.—In another ammunition haul in this vicinity, burglars who broke into the Broadway Hardware Store last night obtained 22 boxes of shotgun shells and 30,000 rounds of .22-caliber ammunition.

The previous visit was to the Darcy Sport Shop at San Mateo when a large number of guns was stolen.

San Mateo to Close Season Thanksgiving

Their second consecutive championship of the Northern California junior college conference clinched by their victory over Menlo Saturday, the San Mateo Bulldogs will bring their 1933 season to a close in a Thanksgiving Day battle with the strong Sacramento Junior College eleven at Sacramento.

While Coach Murius McFadden's San Mateans and Sacramento are evenly matched, the possibility of a defeat by the Capitol City outfit would not keep the Bulldogs from the championship because the percentages would be .800 for San Mateo and .667 for Sacramento.

Without the services of its triple-threat fullback, Sacramento was the victim of a surprising upset Saturday in losing to Modesto, 39 to 20.

The conference standings at present:

	W.	L.	Pct.
San Mateo	4	0	1.000
Modesto	3	1	.750
Sacramento	1	1	.500
Menlo	2	2	.500

Jens Bugge End For Dons Sunday Against Clubmen

Jens ("Horsan") Bugge, the gangling sophomore end for the University of San Francisco who went up to the Dons from Sequoia high school, will start at the left wing position against the Olympic Club Sunday.

Having served as understudy to Bill Hinch at right end all season and having caught the eye of Coach Spud Lewis for his blocking and defensive play as well as for his punting, Bugge is now blossoming out as a regular.

Vic Wilson, veteran left end, is out for the rest of the season with injries, and Bugge is being shifted to that side of the line. With that much faith in him as a soph, Lewis is undoubtedly counting upon the tow-headed Menlo Oaks boy for heavy duty in the next two seasons.

The Dons will use a double fullback offense against the Winged "O".

Appellate Court Affirms Verdict For Damages to Boat

The district court of appeals in San Francisco today affirmed the judgment of Superior Judge Maurice T. Dooling Jr., of Hollister, sitting here, giving the Leslie Salt Company $1,250 damages following the crash of its boat "Pyramid" with the San Mateo-Hayward bridge.

The mishap occurred April 8, 1929. The San Francisco Bay Toll-Bridge Company, against whom the award was made, lost its suit to collect $2,062 for damages to the bridge.

In a cross-complaint, the salt firm charged negligence in failing to open the span in time to allow safe passage of the boat.

Health department tests of iodized salts bought at random from grocers showed some to be so lacking in iodine that they were worthless as goiter preventives (according to Journal of American Medical Association, Dec. 19, 1931.) TRADITIONAL BATTLE LOOMS AS ROSE BOWL ELIMINATION GAME

When the Indians of Stanford meet the Bears of California in Stanford stadium Nov. 25 there will probably be more than just a victory at stake for the two football teams. It appears the winner may be invited to represent the west in the annual Tournament of Roses game at Pasadena, Cal. In Arleigh Williams and Joe Verducci California has two hard working backs while Howard Christie has played a heads up game at center this season. Bill Corbus, Stanford guard, will be in there booting the ball for Stanford. Bob Grayson is a speedy back who had much to do with defeating Southern California and Jim Moscrip is one of the speediest ends on the coast. (Associated Press Photos)

Rugs Stolen From Hillsborough Found

HILLSBOROUGH, Nov. 22—Police Chief Claude Herschey announced today that all of the $15,000 loot obtained in a theft from the Silas D. Sinton home at 80 Poett road had been recovered.

Herschey is conducting a search for Frank J. Everett, said to have a long record in Folsom and San Quentin. Everett wrote Herschey saying the woman was not involved in the theft.

Stage Designer For 'Holiday' Is Pupil of Master

Few people of the community know that Mr. Waldemar Johansen, art instructor at Sequoia, who is designing the settings for the three-act comedy "Holiday," to be given in the Sequoia auditorium next Friday and Saturday nights, did stage decorating in Europe with one of the world's greatest masters.

Mr. Johansen gained his first experience in stage decorating in the community theatre of his home town in Germany. Later he studied at the Academy of Fine Arts at Dresden and then with Rheinhart, the great German stage decorator.

After arriving in America Mr. Johansen went to Chicago, where he made settings for the Chicago Civic Opera Company.

Sequoia's art instructor has also taught at the California School of Fine Arts; and now, besides teaching at Sequoia, he does stage settings at the community theatre in Palo Alto.

"Modern stage settings are more interpretive of the play and put the audience in the mood of the play more than old time decorating," states Mr. Johansen. "This is true because of the rapid changing of scenes and light to fit the spirit of the action, in contract to the same scenery and light used in earlier days."

When asked about German stage decorating, Mr. Johansen declared that the expressionistic type of setting, composed mostly of color and light, had taken Germany by storm until Hitler became prominent and disapproved. Then Germany took to more natural settings introduced by Meyerhold, famous Russian stage decorator.

The two sets to be used in "Holiday" are now complete. The first scene takes place in the dining room of a millionaire's home. It is furnished with moderate but expensive taste, and is conservative in style. The second scene is in Linda's playroom, which is cheerful, colorful, and given over to amusement. There are trapeze rings, large blocks and toys about the room, red plush curtains, a picture painted on the wall, and similar attractions.

Stage craftsmen who have helped to construct the scenes are Julio Francescutti, stage manager; Carl Ellertson, Harold Wise, Francis Hutchinson, Roy Crothers, Allan Meyerhoffer, Arnold Robinson, Elsie Trevillyan, Florence Bottema and Josephine White.

Road Equipment Facing Damage From Elements

Central garage facilities in Redwood City are sought today by the board of supervisors to house county equipment to be taken from the corporation yard at Menlo Park. With Supervisor Albert Witt voting "no," the board instructed County Engineer James S. James to find suitable quarters.

The plan to rent a local garage is made necessary because of the abandonment temporarily of the central corporation yard idea by the county and the decision to expend the money for other purposes.

James said that great damage would be done to the equipment by winter rains and freezing temperatures if the machinery is not housed immediately from the elements.

The engineer's plea for $4000 worth of shop facilities was continued for one week.

NON-SUPPORT CHARGED

Giovanni Marsilli, 41, Santa Cruz farm worker, was held in custody of county authorities today on a charge of allegedly failing to support his wife and six children. He was brought from Santa Cruz by Deputy Sheriff John Simpkin. The family lives at Montara.

A campaign to eliminate dangerous curves and narrow bridges is under way by the Indiana State Highway Commission.
